Central Florida International Auto Show Combines Latest Manufacturer Models with Family Fun

ORLANDO, Fla. (Nov. 23, 2025) — The latest automobiles from manufacturers around the world, two test tracks, and everything automobile enthusiasts love — combined with a new awards program for local dealers and an automotive competition — are all part of the excitement of the [Central Florida International Auto Show](#), happening Thursday, Nov. 27, through Sunday, November 30, at the Orange County Convention Center, North Concourse.

The Auto Show will display models from a variety of manufacturers. There's an exotic car section, an indoor track for electric vehicles, and an outdoor test-drive route. Visitors can even see a display of car collections, and view some of the vehicles from the Mopar Mob Family and Joker Hellcat— hobby cars created for nonprofit and charity events.

Kids can take tot-sized electric cars for a test drive and enter to win one of the ride-on toy cars, just in time for the holidays.

"This is a great event for the entire family," said Evelyn Cardenas, director of the Auto Show. "We have all the latest models from manufacturers, and the weekend is full of events for everyone."

On Saturday, Nov. 29, automotive technicians from Central Florida high schools will vie for \$10,000 in scholarship money as they test their skills to identify and fix mechanical issues during the Student Competition.

On Sunday, Magic player Noah Penda will be signing autographs from 11:30-12:30 p.m. Come say hi to Noah and take a picture with him.

"This year's show is a great way to spend some time with family, enjoy the auto show, and maybe even take a test drive," Cardenas said. "The automotive industry is one of Florida's main economic drivers, so come see the latest cars and have fun with your whole family."
